# Custom Labels to Serve Virtually Any Industry...

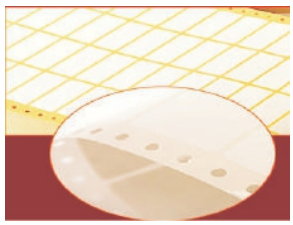

## Barcode Labels

We are ready to meet your labeling needs with a full range of stock blank labels for your barcode printer as well as completely pre-printed labels.

With options for a variety of sizes, colors, and material types, we have the perfect match for any application.

## Dot Matrix Labels

These are printable labels for use in dot matrix printers. A computer sprocket punch label is oneof the oldest and most tried and tested labels.
Popularly used for mailing lists, stock control and any posted parcels and documents.

## Multi Color Labels

Get more value for less with our industrial grade, short run, all digital custom product labels, stickers and decals printing services.

By advertising and marketing your products, equipments and services with the self sticking digital printed labels,you get improved quality and lessen the time, effort and investment on printing of custom product labels.

## Liquor / Wine Labels

Whether you need labels for plastic containers, plastic bottles, or glass bottles and jars, we have a label solution for you.

Our expert staff can recommend label materials, label adhesives, liners, and label varnishes.

## Pharma Labels

Medical tapes and films must be durable, flexible and safe to use in a broad range of conditions & combinations- in some cases, within the human body itself.

Our extensive knowledge of materials enables each label to be specifically designed to handle the rigors of a healthcare environment and work in sync with thenew technologies of modern healthcare system.

## Tamper Proof Labels

Tamper-indicating options include “void” messages,triangle shapes, or destructible facestocks. Adhesives provide permanent or non-permanent marking on numerous substrates.

Common uses for security labels include ID badges, electronics and other product warranty brand protection and much more.

# And Virtually Any Application...

## Water Bottle Labels

Our weatherproof material is the most popular since it's durable enough to withstand smudging and peeling peeling when wet.

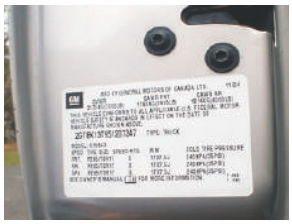

Custom water bottle labels are great for company events, special occasions, weddings, and promotional use.

## Food Labels

Our experience in this segment allows us to recommend the appropriate label construction with an effective combination of adhesive, ink facestock.
Be it self adhesive labels, or non adhesive wrappers, our understanding of this industry has allowed for effective solutions.

## Automotive Labels

A highly technical segment, the auto segment has stringent demands of its labels with provision of technical information being the main label function.

This segment requires labels to withstand extreme environmental conditions as well as contact with hazardous chemicals.

## QC OK Labels

Discover our vast library of quality control and calibration label designs and materials.

Tested OK Labels & Stickers
QC Passed Labels & Stickers
Quality Control Labels & Stickers

## Cosmetic Labels

Brands in the personal care segment focus on the "feel good" factor.
This is reflected by the choice of images,colors and materials used in the product labels and packaging.

Be it a face wash or a moizturizer, the message to be conveyed to potential customer is of wellbeing.

## Caution Labels

Handy Caution Labels can be placed just where your warning is most likely to be heeded.

- Labels are an effective tool for sending your "caution" message. They are both colorful & concise.
- Most legends are available in stock and ready to ship right away.

# Process Color Labels
