Custom Packaging Solution to Serve Virtually Any Industry...

Pharma Aluminium Foil (Blister), Sticker Labels , BOPP Labels

Pharma Aluminium Foil (Blister), Sticker Labels , BOPP Labels designed to provide secure, contamination-free packaging for tablets and capsules with strong moisture and barrier protection. Manufactured to strict pharmaceutical standards, they ensure durability, clear printing, and reliable performance for diverse packaging needs.

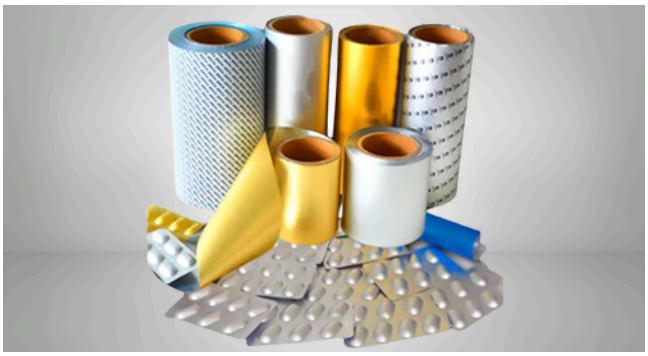

Blister Packaging Foil

Aluminium Blister Foil is a lightweight, flexible packaging material used for sealing tablets and capsules, offering strong resistance to moisture, water, and chemicals for extended shelf life. Its printable silver surface allows clear labeling, and it is available in customizable thicknesses from 0.2 to 0.5 mm to meet diverse pharmaceutical needs.

Printed Aluminum Strip Foil

Pharmaceutical Printed Aluminium Foil is engineered to ensure superior protection for tablets and capsules. It offers excellent barrier properties against moisture, light, and contamination. Custom printing enhances brand visibility while maintaining strict compliance with pharmaceutical standards.

Printed Pouch (2/3 Layer)

Laminated Pouches are lightweight, moisture- and scratch-proof packaging solutions made from food-grade metallized sheets, suitable for both food and pharmaceutical products. Available in various sizes with 2–3 mm thickness, they feature a protective laminated coating and can be heat-sealed to create airtight, secure packaging.

BOPP Label

Surgical Grade Pouches

Custom Packaging Solution to Serve Virtually Any Industry...

Multi Color Labels

Get more value for less with our industrial grade, short run, all digital custom product labels, stickers and decals printing services.
By advertising and marketing your products, equipments and services with the self sticking digital printed labels,you get improved quality and lessen the time, effort and investment on printing of custom product labels.

Liquor / Wine Labels

Whether you need labels for plastic containers, plastic bottles, or glass bottles and jars, we have a label solution for you.
Our expert staff can recommend label materials, label adhesives, liners, and label varnishes.

Pharma Labels

Medical tapes and films are designed to be durable, flexible, and safe for use across diverse healthcare conditions. With advanced material expertise, each label is engineered to withstand demanding environments and support the evolving technologies of modern medical systems.

Water Bottle Labels

Our weatherproof material is the most popular since it's durable enough to withstand smudging and peeling peeling when wet.
Custom water bottle labels are great for company events, special occasions, weddings, and promotional use.
